# 45th Annual Expo West Highlights

Our special Expo team at the 45th Annual Expo West in Anaheim, CA

Director of Sustainability and Communications Alicia Simmons joined trailblazers in the regenerative agriculture space on Frontier Co-op's unique approach to regenerative practices in our supply chain.

We celebrated our 50th anniversary with a happy hour at our booth, with special guest Organic Voices founder Gary Hirshberg popping in to chat with CEO Tony Bedard on the future of organic.

Senior Shopper Marketing Manager Jeremy Myers shared his expertise on how to build a brand that becomes part of a shopper's day-to-day grocery routines with Inmar Intelligence's panel on shopper retention.

We celebrated our 50th anniversary by handing out a special-edition Herb Fest blend during our happy hour event.

We displayed all things co-op at booth #905, highlighting new products and a signature paloma featuring the Frontier Co-op ROC Madagascar Vanilla Extract.

# LUMINO

**25% OFF**

Lumino Wellness® brings you the benefits of freshwater Food Grade Diatomaceous Earth for people and pets. Diatomaceous Earth is not earth or dirt. It is the fossilized remains of microscopic shells created by one-celled aquatic plants (diatoms). Diatomaceous Earth is a fine whitish powder that is odorless and tasteless. It consists of 85-92% silicon dioxide and other trace minerals. The silica in Food Grade DE is amorphous. This is silica in its naturally occurring state.
