There comes a time in life when the titles we once held, the positions we occupied, and the professional accomplishments we achieved become less important than the lives we can touch.

We are a team of Christian women who have retired from our corporate professional careers. We dedicate our time, energy, talents, and resources to the Community Outreach Ministry. Our hearts remain committed to serving others, encouraging individuals, and finding meaningful ways to make a difference in the lives of those around us.

You may wonder: Why do we charge ONLY the price of 1 CUP OF COFFEE ☕ for showcasing books and supporting individuals? The answer is simple. We want to be accessible while keeping our ministry going and serving others. Your contribution is more than a transaction. It is a mission of encouragement, outreach, and service.

When you purchase a cup of coffee in support of our ministry, you are helping us continue three important areas of service: Devotional Outreach, Author Visibility Efforts, and Educational Resources.
