WE'RE A MEMBER-OWNED CO-OP RESPONSIBLE TO PEOPLE AND PLANET.

We're owned by you, our members, and we're committed to serving your needs and sharing your values. We conduct business with passion and integrity, and our goal is to make a positive impact on society and the environment. Your support has enabled us to do business in a way we can be proud of.

At Frontier Co-op, our "fiscal" year runs July 1st through June 30th. So as our year comes to a close, so to speak, I can't help but reflect on the unprecedented events we've experienced in the past 12 months. And like so many of you, I ask myself what will our new [fiscal] year bring? While none of us have the proverbial crystal ball that allows us to see the future, here's what I do know:

- **Our commitment to our member-owners is unwavering.** Our dedicated Inside Sales and Customer Service teams are here to provide exceptional service and help curate your shelves.
- **Doing Good, Works.** This simple statement is the very heart of our "Mission" as a member-owned Co-op.
- **We're getting a new website.** We know our customers deserve better than the current experience. We hope to bring you a great website that serves your needs by the end of September.
- **We will have a new business system,** also called an Enterprise Resource Planning (ERP) system on July 1st. Our current system is almost two decades old, and while it has served us well, a new system will allow us to further our purpose and continue to provide exemplary service.
- **You will see many hundreds of new and often unique products** that your customers will love.

As always, your Inside Sales representative can assist you with a variety of educational, demo and placement programs for Frontier Co-op, Simply Organic and Aura Cacia. On a final note, we will be closed Friday, July 3rd to allow our customer care team time to celebrate Independence Day.

Be well,
Lynette Baetsle
Customer Service Manager

GOLDENSEAL THE RIGHT WAY

Back in 1996, we were concerned with the dwindling number of goldenseal plants in the wild and the overuse of the precious herb — so we launched Frontier Co-op's "Save the Goldenseal" project. The main objective was to encourage cultivation of this key herb so that we could eliminate wildcrafted goldenseal from our purchases. Just three years after we began the project, we were able to do just that — and Frontier Co-op has sold only cultivated goldenseal root ever since. Much of the rest of the herb industry has moved to cultivated goldenseal as well, greatly reducing the pressure on the plant's wild populations.

Now instead of adding stress to wild populations of goldenseal, our purchases support growers like Roger and Kathy, who operate a small farm in Washington State.

Roger and Kathy became Well Earth partners over a decade ago. They have built a reliable, high-quality goldenseal farm using a variety of sustainable techniques and practices. They:

- utilize local waste materials to build soil
- develop an intercropping method of controlling fungal disease
- produce their own goldenseal rootlets to ensure organic planting stock
- compost crop residues
- recycle gray water to use in irrigation
- maintain a five-acre wooded buffer along the stream that runs through the farm
- maintain a natural grassy wetland on the property

We're pleased to have Roger and Kathy as a Well Earth supplier and provide support for them, such as grants to help purchase root-cleaning equipment and seed stock to conduct trials of new herbs for cultivation.

FAIR TRADE CERTIFIED™

Fair Trade Certified™ products support growers around the world with fair and just

- wages
- working environments
- living conditions

In addition, Fair Trade certification returns a premium directly to worker communities for projects they choose like:

- hiring school teachers
- building maternal health clinics
- bringing electricity to villages

Frontier Co-op has long carried a wide variety of Fair Trade Certified products, including teas, cocoa, vanilla and herbs — and in 2009 we introduced the first Fair Trade Certified spices to the U.S. market. We strongly support Fair Trade and continue to expand our line of Fair Trade Certified items.

WE'RE CHANGING OUR BOTTLES FOR THE BETTER

As part of ongoing sustainability improvement efforts, Frontier Co-op recently undertook a large-scale project to significantly reduce the amount of glass we use for both our Frontier and Simply Organic bottled lines of spices, herbs and seasonings.

Why is it changing?

This minimal bottle reduction makes a meaningful difference in the amount of glass we use as a manufacturer – without making a perceptible difference to the consumer.

What changed?

- The bottle (unit) dimensions for all items (less than 3%).
- The bottle (unit) weight for all items:
Frontier Co-op bottle: 5 grams / 4% lighter
Simply Organic bottle: 10 grams / 7% lighter
- The weight of case, layer and pallet for all items.
- The net weight on the 9 items and 4 displays listed, requiring new UPCs. The remainder of the items will not require new UPCs.

What is not changing?

- The net weight and UPCs on any items other than those listed below.
- The actual, physical sizes of case, layer and pallet are not changing. However, we are updating the integrity of our specs and adjusting length, width and height for accuracy.
- How either brand fits into merchandising fixtures.
